

Ignacio Moreno Gómez

CV 07/2024

Web Developer

Castilleja de Guzmán, Sevilla

ignaciowebdev@gmail.com

+34 619757879

Experience

• Freelance (Remote)

◦ Web Developer

(01/2024 - Currently)

As a Full Stack Web Developer, I have experience in the design and development of websites and e-commerce, as well as offering technological advice.

• Memo (Galway)

◦ Web Developer

(03/2023 - 06/2023)

At an Irish startup, I played a key role in designing and updating their web application using Figma, Angular and Node.js.

Education

• Multiplatform App Development (DAM)

- Salesianos de San Pedro (09/2021-06/2023)

• Bachillerato Tecnológico

- IES Las Encinas (09/2019-06/2021)

Skills

- Agile Methodologies
- DB Management
- Design Patterns
- Version Control
- API REST
- Unit Test
- Micro Services

Professional Overview

As a Web Developer, I have extensive experience in both collaborative and independent projects. I have played collaborative roles in companies both in Spain and Ireland.

Currently, I am focused on custom development and consultancy for e-commerce entrepreneurs.

I am currently collaborating with several clients in the development of their own online clothing brands.
